

# SERVICE OFFER

for children, young people and families

The Children and Family Wellbeing Service (CFW) offers early help and support to children, young people age 0-19+yrs (0 - 25yrs for SEND) and their families across Lancashire. The service responds as early as possible when a child, young person or family needs support, helping them to access services to meet their needs and working with them to ensure the support offered is right for them, is offered in the right place, and at the right time. The main focus of the service is to provide an enhanced level of support which is prioritised towards those groups or individuals who have more complex or intensive needs or who are at risk and particularly where we think that providing early help will make a positive difference. Children and Family Wellbeing staff are skilled, committed and recognise that every family has different needs. The service approach is to listen, understand and work alongside individuals and families to make the changes that will help them get to where they need to be.

The Children and Family Wellbeing Service offers practical support to children, young people, parents and families. This support can be provided on a whole range of issues which may be affecting individuals or the family and is normally offered through a network of neighbourhood centres as well as in the community or in the family home. We also work with children, young people, parents (and parents to be) through group programmes, activities and drop-in support.

With the easing of restrictions, we are increasingly delivering our services face to face where this is possible from both the perspective of venue availability and the needs of staff and families. The safety of our staff and families is paramount and we will ensure that all support is provided with that in mind and in line with the latest government guidelines.

## Integrated teamwork

Working with partners we are working as part of Integrated **Teams** in each district area in Lancashire, made up of multi-agency professionals who will work together to jointly deliver an early help response.

**During the coronavirus pandemic, Children and Family Wellbeing Service continue to work closely with our key partners with the objective of providing the best possible joined up support we can for families.** Our key partners include professionals from: Police Early Action Officers, Housing services, the local District Council, Lancashire Fire and Rescue and the Integrated (Adult) Wellbeing Service.

**Whilst schools are currently providing a different kind of support for pupils, we continue to work closely with them providing support through a 'Team around the School', supporting families that school may identify as needing some extra early help.**

**We also continue to provide specified and agreed support where Children's Social Care has identified needs within one of their individual's/family's action plans where the CFW Service is best placed to respond at this time.**
