Rationale

Nationally, the education outcomes at all stages, for Children Looked After and children previously looked after are of concern with a significant gap compared with outcomes for their peers who are not looked after or previously looked after.

It follows that children and young people who are looked after or previously looked after require additional support and positive discrimination in their favour if this situation is to be improved.

Definition:

Under the Children Act 1989, a child is legally defined as 'looked after' by a local authority if he or she:

- gets accommodation from the local authority for a continuous period of more than 24 hours
- is subject to a care order (to put the child into the care of the local authority)
- is subject to a placement order (to put the child up for adoption)

Children who are 'looked after' may need additional support in school in order to reach their full potential. If children are adopted from care, this support may need to continue.

The Children Act 1989, as amended by the Children and Families Act 2014 and the Children and Social Work Act 2017. Children Looked After are those in public care and are either :

- Subject to a Care Order or Interim Care Order, living either at home or away from home. The Local Authority has parental authority which it then shares with the parents in a prescribed way.
- Accommodated with friends or relatives, foster care or residential homes – parents retain full parental responsibility.
- Remanded into care. A private agreement is not public care - when a child lives with friends or relatives by private arrangement and these children are not designated as Looked After.

A previously looked-after child is one who is no longer looked after in England and Wales because s/he is the subject of an adoption, special guardianship or child arrangements order which includes arrangements relating to with whom the child is to live, or when the child is to live with any person, or has been adopted from 'state care' outside England and Wales; and A child is in 'state care' outside England and Wales if s/he is in the care of or accommodated by a public authority, a religious organisation or any other organisation the sole or main purpose of which is to benefit society.

Personal Education Plans (PEPs)

The PEP is a statutory document that is required for all CLA from early years to 18 years and is the joint responsibility of Children's Social Care (Social Worker) and education (Designated Teacher/Practitioner). The purpose of the PEP is to support the CLA to progress in learning, thrive in their education setting, and achieve the best outcomes. It should also support effective communication and partnership working between the education setting, Children Social Care, the Child/Young Person, Carers etc.

At St Anne's we will hold a PEP meeting once a term in time that involves the social worker, foster carers, child and parent (if appropriate).

We make sure each child has a high quality PEP which includes appropriate targets to work on for that term.
